ABOUT COMPANY

KITCHEN APPLIANCE

■ www.nbhaichu.com

Ningbo Kitchen Appliance Co., Ltd. is located in Cixi, Ningbo with superior geographical location and convenient transportation. It was founded in 2007, after more than 18 years, it has developed into a professional kitchen appliance manufacturer integrating product design, development, production and export. The company covers an area of 15,000 square meters, has more than 160 employees, 5 assembly lines, 26 injection molding machines, and an annual output of 1.5 million sets.

Our main products includes food processors, blenders, hand blenders, juicers and other series. They are well popular in the market because of Variety of styles, novel design.

The first-class quality comes from the support of advanced technology. The company is equipped with professional laboratories, such as life test, endurance test, hardness test and salt spray test, etc. From the raw materials, production, and finished products, every process are strictly to conduct regular inspections and sampling inspections to ensure product quality. The products have got the certification of CCC, CE, GS, CB, ROHS, LFGB, ERP. We obtained the approval of ISO9001 and BSCI. The products are now sold all over the world, including Italy, Germany, Spain, Britain, Brazil, Russia, Dubai and other more than 20 countries, and we have established long-term stable cooperative relations with customers.

In the future, we will adhere to the brand development strategy. While actively exploring overseas markets, we will gradually increase its share of the domestic market, improve the reputation of the "Ouli" brand at home and abroad, and we will do a responsible, cultural and competitive company.
